Did you
know?!

**Backyards are the #1 source
for mosquito production**

Follow these tips and tricks to prevent mosquito breeding in your backyards.

1. DRAIN FLOWER POT SAUCERS

Overflow saucers under flower pots and water that has collected between leaves can support mosquito breeding.

Dump water held in saucers to avoid mosquito breeding.

Avoid purchasing water-holding plants, such as bromeliads.

2. ELIMINATE STANDING WATER

Dump and drain water from any items that can hold water such as trash cans, buckets, old tires and tarps.

The list of items that can hold water is endless!

Remember, it only takes a week of standing water to produce mosquitoes.

3. CLEAN PONDS AND BIRD BATHS + MAINTAIN SWIMMING POOLS

Remove debris from ponds, bird baths or pools. Clean and maintain swimming pools. Empty or non-circulating ponds, fountains or pools are ideal for mosquito production.

Call or stop by:

BEAR OUT GUTTERS
Gutter debris often get clogged and will feed developing mosquitoes.

Caregiver Resource Center Orange County

Rachel Smyth, LCSW
Supervisor, Education & Outreach

Who is the Caregiver Resource Center Orange County?

We are a trusted partner for Orange County families coping with physical, emotional & financial responsibilities of caregiving.

The materials or product were a result of a project funded by a contract with the California Department of Aging (CDA), as allocated by the Orange County Board of Supervisors and administered by the Office on Aging. Supporting data is available by contacting Caregiver Resource Center OC at 130 W. Bastanchury Road, Fullerton, CA 92835 (714) 446-5030. The conclusions and opinions expressed may not be those of the CDA and that the publication may not be based upon or inclusive of all raw data. Services are provided free of charge. Voluntary contributions are gratefully accepted, and no one is denied for inability to contribute.

CRC OC History

- Serving all of Orange County since 1988
- Program of St. Jude Community Services, within Providence St. Joseph Health (PSJH) Community Health Investment
- Part of the California Caregiver Resource Center System (11 sites)
- Funded primarily through the Federal Older American's Act & Family Caregiver Support Program (CDA/OOA)

CRC OC's Mission

“To Increase the Quality of Life of Caregivers by Helping Families and Communities Master the Challenges of Caregiving”

“There are only four kinds of people in the world.
Those who have been caregivers.
Those who are currently caregivers.
Those who will be caregivers,
and those who will need a caregiver.”

Rosalyn Carter

- 63 Million Caregivers in the U.S., 1 in 4 adults
- 2/3 assist with ADL's, 84% assist with IADL's, only 11% report having any training
- 55% of caregivers manage medical tasks for their care recipient
- 64% report high emotional stress, 45% report physical strain, 24% report they feel alone
- Family Caregivers provide an estimated \$600 billion up to \$1 trillion in unpaid care in the U.S.

E-BIKE VS ELECTRIC MOTORCYCLE:

WHATS THE DIFFERENCE?

- E-BIKES HAVE PEDDLES THAT AID IN MOVING THE BIKE, MOTORCYCLES DO NOT.
- E-BIKES ARE NOT PERMITTED TO GO OVER 28 MPH.
- E-BIKES ARE NOT REQUIRED TO BE REGISTERED BY THE DMV AND DO NOT REQUIRE A MOTORCYCLE ENDORSEMENT ON YOUR DRIVERS LICENSE...MOTORCYCLES DO!
- ALL MUST OBEY THE LAWS OF THE ROAD AND ARE SUBJECT TO CITATION.

Community Camera Registry

We are building an interactive map of security cameras in Orange County that will:

- Be accessible only to the Orange County Sheriff's Department
- Increase the efficiency of direct video evidence collection
- Provide immediate contact information to investigators for camera owners
- Enable communities to work together to create a safer Orange County

Camera registration takes less than one minute via our secure online portal. Registering your cameras does not allow the Orange County Sheriff's Department access to your live video stream - it only enables investigators to know a camera is present at your location and easily request video evidence should an incident occur.
